PORTER ANNOUNCES CANDIDATE FORUM APPEARANCES

In a press release dated today, Dr. Steven Porter, Democratic candidate for Congress in the 3rd district of Pennsylvania, detailed the appearances he will be making at various candidate forums between now and the election. "I have been in touch with the campaign of Congressman English," said Porter, referring to his opponent, six-term Republican Phil English. "While his campaign manager, Brad Moore, has told me in writing that he would be willing to discuss conditions for a debate with me, I have not heard anything more from him since his letter of August 28th and my subsequent response.

"Meanwhile, time has passed and I have received several invitations to appear. I feel that the people of this district deserve to see a discussion of the issues, and so I have accepted a number of invitations. They are listed below, and I encourage the voters in the areas involved to attend. I also encourage the media to cover the events and to disseminate them to the electorate."
